

DESCRIPTION

Automatic Vacuum Tea Bag Packing Machine Tea Bags Packer is a highly intelligent packing machine, it has high speed, high efficiency, small malfunction, etc., the machine is an ideal tool for finished tea packing. The tea bag packing machine for tea of high-grade packaging, divided and said after the tea plastic bag package, convenient after the procedure (vacuum packing), but also better reflect the grade of the product.

ADVANTAGE

1.High automation: Realize the whole process automation of bag picking, opening, weighing, filling, vacuuming, sealing, counting and conveying to improve efficiency and reduce costs.

2.Electronic drive: Reduce noise and interference.

3.Microcomputer control and touch screen: Convenient operation, can precisely adjust parameters to ensure accurate and stable packaging.

4.Vacuum packaging function: Prevent oxidation and moisture, extend shelf life, suitable for products with high preservation requirements.

APPLICATION

APPLIATION

Black tea

Oolong tea

Green tea

Herbal tea

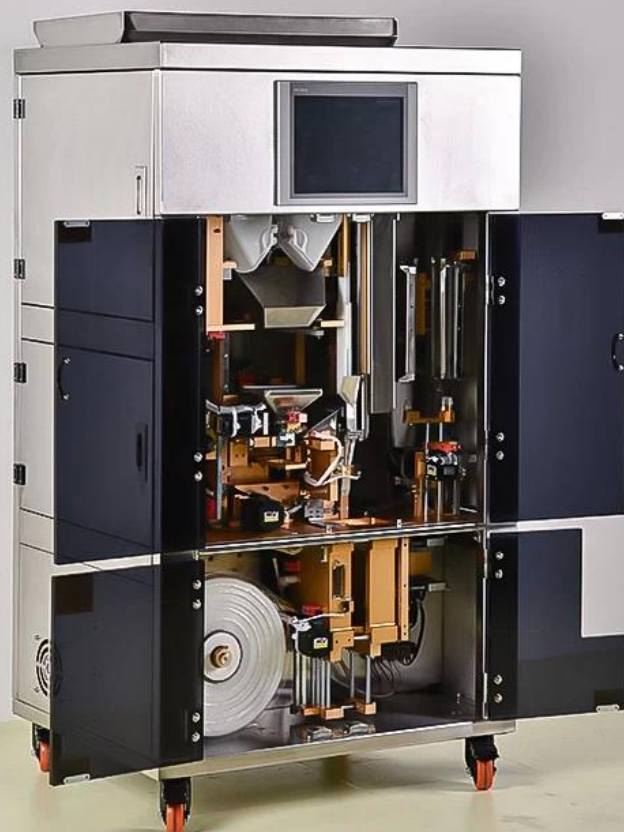

Automatic Vacuum Tea Bag Packing Machine Tea Bags Packer is a highly intelligent packing machine, it has high speed, high efficiency, small malfunction, etc., the machine is an ideal tool for finished tea packing. The tea bag packing machine for tea of high-grade packaging, divided and said after the tea plastic bag package, convenient after the procedure (vacuum packing), but also better reflect the grade of the product.

SPECIFICATION

Vacuum tea packaging machine specification list:

Model	DL-DZKZX-2S-A
Dimension	800*650*1530mm
Voltage	220V 50Hz
Power	2.1KW

1.Sealing device&Precise weighing

Creates a tight seal to ensure that the tea is well-protected from external factors.Ensures accurate measurement of the tea to be packaged, providing consistent product quality.

2.Vacuum packaging device

Removes air from the packaging to prevent oxidation and moisture, thus prolonging the

shelf life of tea. This helps maintain the flavor, aroma, and quality of the tea. Allows for customization of packaging parameters such as vacuum level, sealing temperature, and packaging size to meet different tea packaging requirements.
