

DESCRIPTION

- Multi-functional trimmer: Suitable for pruning tasks in multiple scenarios such as gardens, roads, and tea gardens.
- Adjustable height design: Easily adjust the cutting height via a knob to meet the pruning needs of different plants.
- Efficient cutting system: Equipped with sharp and wear-resistant blades, quickly pruning vegetation like lawns, shrubs, and tea branches.
- Wheel-based portable structure: Lightweight body with universal wheels, supporting smooth movement and reducing operational fatigue.
- Durable materials: The body is made of corrosion-resistant materials, and the blades are hardened to adapt to long-term outdoor use.

ADVANTAGE

- Adjustable Height - Adapts to different plant heights in gardens, roads, and tea gardens for precise pruning
- High Efficiency - Sharp blades quickly cut through grass, shrubs, and tea branches, enhancing work efficiency
- Easy Maneuverability - Wheel-based design for smooth mobility and effortless operation, reducing user fatigue
- Durable Construction - Built with high-quality materials for wear-resistant blades and corrosion-resistant body
- Multi-Scenario Application - Versatile for pruning in garden lawns, road greenery, and tea garden shoots.

APPLICATION

- **Large-Scale Tea Gardens**□Rapid coverage for mass harvesting, shortening the picking cycle.
- **Mountainous/Hilly Terrains**□Lightweight design suits uneven landscapes, reducing manual labor.
- **Labor-Short Areas**□Alleviates seasonal labor shortages, reducing dependency on temporary workers.
- **Standardized Tea Farms**□Precision control over picking height and leaf quality for mechanized production

SPECIFICATION

Model	LS3CX-750
Valtage/Revolutions	36V-48V/13000r/min
Power	0.65kW
Cutting Width	750mm
Package Dimension	1110*290*285mm
Machine weight	7.1kg

If you have special needs, it can be personalized according to customer needs.
